

REPLACEMENT FILTERS FOR AIR LIQUIDE DUST COLLECTORS

Now our proven high efficiency Ultra-Web® media is available for Air Liquide dust collectors - same form, exact fit, higher function. Get direct replacement filters for your Air Liquide Ambiclean collector from a filter specialist company that designs its own filter media and manufactures filters to tight specifications – Donaldson. For knowledgeable support and to determine the right filters for specific applications, contact your Donaldson Customer Service now.

Main Features and Advantages

- Advanced media is more efficient in capturing submicron dust particles (0.3 micron and larger)
- Longer filter life and better pulse cleaning due to surface loading technology
- Lower energy use with better pulse cleaning and lower operating pressure drop
- Ultra-Web® filters reduce filter plugging with melt-blown media

**Available
